

## EMERGENCY PAID LEAVE

While New Jersey has some of the strongest paid sick and family leave laws in the country, the Families First Coronavirus Response Act (“Families First”) created a federal law for small businesses with up to 500 employees to provide two new types of paid leave to their employees who are directly affected by the COVID-19 outbreak.

- The first type, emergency paid sick leave, allows people to take time off if they are sick, if they are caring for a sick person, if they cannot work because of a government order to isolate, or if they need to take care of a child whose school or childcare is closed.
- The second type, emergency family and medical leave, provides another option for people who need to care for a child whose school or childcare provider has closed due to the outbreak.

These types of leave will ensure that workers are able to stay home from work when sick and take care of their family members without economic hardship. The paid leave requirements go into effect on April 1, 2020, and last until December 31, 2020. More information on both types of leave is below.
